

World Biggest Coffee Morning

MacMillan Coffee Afternoon

Here at PACE we still insist on maintaining our positive relationship with the parents/carers of the pupils who attend PACE. This relationship is both social and collaborative. We continue to organise and host a variety of parent partnership events for the children and their parents to attend, giving them the opportunity to communicate with our staff on a social level. This is still a good chance for all pupils to develop socially as they can socialise with their parents, carers, siblings, teachers and peers.

Across the world today, Friday 27th October, is the World's Biggest Coffee Morning. This is where many places all over the world will be having a charitable event to raise money and awareness of the MacMillan organisation. This is a support group for those affected by Cancer.

As a way of making children aware of this charity and providing them with the opportunity to make a donation, we have organised a MacMillan coffee afternoon. We invited both children and families to PACE to enjoy drinks, snacks and to play games and talk to each other. This event is a great way for children to develop morally as they are able to help the less fortunate and recognise that it is a good thing to raise money for organisations and charities.

Here are some images displaying how much of a success our afternoon was.
