World Book Day 2020

On Thursday 5th March 2020 staff and pupils came to PACE dressed up as their favourite book characters in order to celebrate World Book Day. In the afternoon, pupil's families came in to enjoy tea, coffee and biscuits whilst taking part in a book scavenger hunt. This involved children looking through different books to find the items on their list.

At PACE we believe that it is necessary to emphasise the importance of reading and writing. Across the day each class took part in writing a different part of a story to create a whole school tale. Each class had a special object in which they were to include in their part of saga. This was read out to parents during the afternoon and a copy sent home. The children thoroughly enjoyed writing the tale and each child was very enthusiastic.

World Book Day was a great success!
