FOR LOTS OF SOCIALLY DISTANCED FAMILY FUN IDEAS**

## **Awesome Autumn –Suggested Newsletter / Website copy**

### **Enjoy an Awesome Autumn and protect your family from COVID-19**

We all know that Halloween and Bonfire Night will need to look a little different this year, due to COVID-19 restrictions and social distancing guidelines. Keeping everyone safe is the main priority, which is why St Helens Council is recommending against participating in traditional activities, such as trick or treating this year, with vast and unnecessary social mixing between many different households.

The Council has also announced that the annual Spark in the Park firework event has also been cancelled this year - unavoidable due to the spread of coronavirus in our region.

**The message is that we must all play our part, but this doesn't mean that autumn can't be fun!** Which is why an online #AwesomeAutumn Stay At Home Activity hub has been created for families, where you will find a host of activities, safety tips, family crafts, recipes and you can also take part in live interactive quiz events on Halloween and Bonfire night!

Join the fun at: [www.sthelens.gov.uk/awesomeautumn](http://www.sthelens.gov.uk/awesomeautumn).

And if you are planning your own fireworks at home, please remember that fireworks can be extremely dangerous -use them safely, with respect and consideration towards neighbours, and without breaking current coronavirus lockdown measures.

Visit [www.sthelens.gov.uk/goodguy](http://www.sthelens.gov.uk/goodguy) for information about how to celebrate safely.
